

TO:
Hunter Engineering Co.
St. Louis, MO

On a follow up call, our Hunter Rep. asked if we are satisfied with are new Hunter balancer and if we had any questions or concerns. Well, we are very satisfied with the balancer and his service. All the Technicians really like using the GSP9700 Road Force balancer; it is perfect for our shop. It has the new technology called "Smartweight" and when I check our wheel weight usage, I was very happy. We have saved 40% on wheel weights.

I have seen nothing like this before.
